

**Summary of your group's decisions  
about the best options for the Community Member:**

**COMMUNITY MEMBER (Check one)**

- 1 Black elderly couple**
- 2 Grandparents raising grandchildren**
- 3 Couple with children**
- 4 Black female-headed household with children**
- 5 Grad student**

1. Which interventions did your group choose given the parameters outlined in the scenario?

2. Which interventions would you choose if there were no time or transportation limits?

3. Do you have suggestions for policy or programmatic changes that would improve this process?
